

Application Data Sheet:

MISTER CLEAN

PORCELAIN CREAM CLEANER

APPLICATION:

- **Always test:** Because every surface is different, we recommend that a small test patch is done in an inconspicuous area first to ensure that YOUR desired result is achieved.

SPOT CLEANING:

- For small areas, apply a suitable amount of cream cleaner directly to the area affected and rub in a polishing action with a nylon scouring pad or scrub brush. If necessary, add water to avoid cream cleaner from drying out. Wipe off excess cream cleaner and rinse until clean.

LARGER AREAS:

- Apply cream cleaners to the floor and add SMALL amount of water and NATURAL CLEAN. Using a cleaning pad, brush or suitable mop, agitate the cleaner over the floor area in a circular motion. Remove excess cleaner and rinse well. Larger areas are best treated in sections.
-
