Technical Data Sheet:

PLUS

NATURAL SEALER

Description:

PLUS is a high solids state of the art solvent based penetrating sealer, specifically designed for porous surfaces. It contains a carefully selected blend of solvents and resins which are renowned for durability. These resins are deposited into the capillaries of porous surfaces leaving a barrier against water and oil borne contaminants, with minimal change to the natural appearance of the surface.

Advantages:

- Suitable for internal and external use.
 - Premium long life solvent based product.
 - Invisible finish which maintains a natural look.
 - Allows grout or tiles to breathe which means sealing is possible without lengthy delays.
 - Protects against water-borne and oil based stains.
 - Make cleaning of tiles easier.
 - Higher solids make it suitable for porous surfaces.
-

Characteristics:

Colour:	Clear
Weight	0.88
Solvent	Hydrocarbon
DG Class	3
U.N Number	1263
Coverage	6 – 8 sq m per lt (depending on porosity)

Recommendations:

Terra Cotta
Sandstone
Porous Granite
Porous Limestone
Clay Pavers
Concrete Pavers
